The Honorable Raul Ruiz, MD  
U.S. House of Representatives  
Washington, D.C. 20515

Dear Representative Ruiz,

I am writing on behalf of the members of the Fraternal Order of Police to advise you of our support for H.R. 1210, the "Heroes Lesley Zerebny and Gilbert Vega First Responders Survivors Support Act."

The legislation you have introduced will increase the disability and death benefits administered by the Public Safety Officer Benefits (PSOB) program to \$500,000. The bill will also increase the Public Safety Officers Education Assistance (PSOEA) benefit for the spouses and children of fallen officers to \$2,000 for a full-time student, \$1,600 for a three-quarter student and \$1,160 for a half-time student. Lastly your bill opens new opportunities to students who want to learn trade and industry skills, valuing that time at a rate of \$2,000 per month.

The PSOB and PSOEA programs provide peace of mind for the men and women who serve our communities as law enforcement and other public safety officers. Because of these programs, they can perform their duties knowing that their families will be taken care of in the event they are called upon to make the ultimate sacrifice.

However, the benefits have not kept up with the times and many survivor families, especially those with children, have found themselves facing financial hardships in addition to the pain of losing their loved one. This bill cannot alleviate the grief of such a devastating loss, but it can relieve any financial pressure the family may encounter.

On behalf of the more than 345,000 members of the Fraternal Order of Police, we want to thank you for supporting our public safety officers. If I can provide any additional information, please do not hesitate to contact me or my Executive Director, Jim Pasco, in my Washington office.

Sincerely,

  
Chuck Canterbury  
National President
