FOP Members: Tell Your WEP Story to Congress!

Chuck Canterbury, National President of the Fraternal Order of Police, is urging all FOP members negatively impacted by the Windfall Elimination Provision (WEP) to share their story with Congress through the website of the House Ways and Means Committee:

In an effort to raise awareness and build support for Social Security reform legislation, the Committee on Ways and Means has established a website to collect stories from American public employees whose lives were impacted by the WEP. You can tell your story at:

“Our members know that the full repeal of the WEP and the Government Pension Offset (GPO) has been a top legislative priority of the Fraternal Order of Police,” Canterbury said. “The FOP has been working with the leadership of the House Committee on Ways and Means to address the WEP and are building support for legislation that would benefit many of our members hurt by the current law.”

“I am hopeful that we can make some real progress on this issue in the next Congress,” Canterbury said. “Especially if we can show that our law enforcement and other public safety employees in every region of the country are suffering from this unfair law.”
