Dear Representatives,

I am writing on behalf of the members of the Fraternal Order of Police to ask for your help in the wake of the horrific ambush-style attack on two officers with the Indianapolis Metropolitan Police by cosponsoring H.R. 3079, the "Protect and Serve Act." This attack was the fifth ambush on Indiana law enforcement in 2021, which resulted in five officers wounded and one killed.

While the investigation into this most recent attack is currently ongoing, media reports about the incident state that the assailant called 9-1-1 with the intention of attacking the responding officers at the first opportunity. Two officers responded and took his false complaint. When the officers acted to investigate, they were viciously stabbed by the 9-1-1 caller. One officer was stabbed in the neck and the other in the chest. Fortunately, both officers survived. The perpetrator was apprehended, and his motive was clear—he wanted to kill the responding officers that he lured within the range of his knife.

In response to the surge of calculated and ambush-style attacks in Indiana and across the country, a bipartisan group of former law enforcement officers introduced H.R. 3079, the "Protect and Serve Act." This legislation would impose Federal penalties on individuals who deliberately target law enforcement officers with violence in very specific situations. In 2018, the Committee on the Judiciary voted unanimously to report this legislation favorably and soon after it was passed by the full House on an overwhelming 382-35 vote. With one exception, every member of the Indiana delegation voted in

favor of the legislation, and the only nay vote is no longer a Member of Congress. We are asking all of you to support this same legislation again by cosponsoring H.R. 3079.

So far this year, 333 officers have been shot in the line of duty, 60 of whom were killed. The lethality of these attacks would be much greater but for the dramatic improvements in medical trauma science and anti-ballistic technology. This year, 127 officers have been shot in 102 separate ambush-style attacks, which has resulted in the deaths of 29 officers. The 126% increase of ambush-style attacks from this time in 2020 is another stark reminder that our law enforcement officers are not just in harm's way due to the dangerous nature of their profession, but that they are the targets of cowardly individuals whose sole motivation is to injure or kill a law enforcement officer. Bear in mind that this data only reflects targeted attacks by assailants using firearms only and not other weapons like knives, as was the most recent ambush in Indianapolis.

In light of these chilling facts, we are asking you to cosponsor H.R. 3079 to address the national problem of ambushes and unprovoked attacks on our nation's law enforcement officers. No officer should be at risk of being targeted while simply sitting in their patrol car, heading home at the end of a shift, or responding to a 9-1-1 call. When a member of the public calls for help, we answer that call. We are asking for your help now and urge you to cosponsor this bill so that we can send it to the House floor for a vote.

On behalf of the more than 364,000 members of the Fraternal Order of Police, I thank you for considering the FOP's urgent request to cosponsor H.R. 3079. If I can provide any additional information about this bill, please do not hesitate to contact me or Executive Director Jim Pasco in our Washington, D.C. office.

Sincerely,

A handwritten signature in black ink, appearing to read 'Patrick Yoes', with a large, stylized flourish extending to the right.
