The Honorable Thomas E. Emmer, Jr.
U.S House of Representatives
Washington, D.C. 20515

Dear Representative Emmer,

I am writing on behalf of the members of the Fraternal Order of Police in Minnesota and in every region of the country to ask that you join all the rest of your colleagues in the Minnesota delegation and cosponsor H.R. 82, the “Social Security Fairness Act.” This legislation is a top priority of the FOP.

This bipartisan legislation is cosponsored by more than 320 Members of the House, including the top members of the House Republican leadership—Speaker Johnson, Majority Whip Scalise, and Conference Chair Stefanik. There are 58 Members of the Senate have cosponsored the companion bill, making the ‘Social Security Fairness Act’ one of the most widely supported bills in the 118th Congress. The legislation would repeal the Windfall Elimination Provision (WEP) and Government Pension Offset (GPO) in current Social Security law, two provisions of the Social Security Act that unfairly reduce or eliminate the Social Security benefits for millions of Americans who have devoted much of their careers to public service.

We believe that this is an issue of fairness. When the WEP was enacted in 1983, its stated purpose was to remove a “windfall” for persons who spent some time in jobs not covered by Social Security and who also worked other jobs where they paid Social Security taxes long enough to qualify for retirement benefits. This provision has created a very real inequity for many public employees, particularly law enforcement officers, who retire earlier than other government employees and often begin second careers that require them to pay into the Social Security system. Law enforcement officers who have second careers face as much as a 60% cut to their Social Security benefits. This is a reduction of a benefit to which they are entitled because they paid into the system, not an adjustment for a “windfall.” We estimate that approximately 16,000 public employees in Minnesota are impacted by the WEP.

Similarly, the GPO offsets the Social Security benefit to which a surviving spouse is entitled by two-thirds of the monthly amount of any government pension that they might receive. For example, the widow of a retired law enforcement officer who collected a government pension of \$1,200 would be ineligible to collect the Social Security survivor’s benefit of \$600. Two-thirds of \$1,200 is \$800, which is greater than the spouse’s benefit of \$600, thus making her unable to collect it. If the spouse’s benefit

was \$900, she would collect only \$100 because \$800 would be “offset” by the government pension. Again, the FOP believes this is a matter of fairness and that the offset scheme currently in place penalizes those employees least able to afford it. Law enforcement officers are especially affected because, like many public employees, a significant number of officers are not part of the Social Security system. Of the 4,816 Minnesotans impacted by the GPO, 3,894 will receive no benefit at all because it is completely offset by other survivor benefits.

Ultimately, the “Social Security Fairness Act” is about fairness to public employees who served their communities. When these public employees earn a Social Security benefit through other work, they should receive that benefit in full without being penalized because of their public service. A large majority of the House and nine of the ten Members of Minnesota’s Congressional delegation share this view. We hope you do as well and will agree to cosponsor H.R. 82.

On behalf of the more than 373,000 members of the Fraternal Order of Police, I thank you for taking our request under consideration. If I can be of any help or provide additional information about this legislation, please do not hesitate to contact me or Executive Director Jim Pasco in our Washington, D.C. office.

Sincerely,

A handwritten signature in black ink, appearing to read "Patrick Yoes", with a large, sweeping flourish extending to the right.
