The Honorable Jerrold L. Nadler  
Ranking Member  
Committee on the Judiciary  
U.S. House of Representatives  
Washington, D.C. 20515

Dear Mr. Chairman and Representative Nadler,

I am writing on behalf of the members of the Fraternal Order of Police to ask that the House Committee on the Judiciary take up and favorably report H.R. 5266, the "Interdiction of Fentanyl in Postal Mail at Federal Prisons Act."

Our law enforcement members are the first line of defense against the scourge of fentanyl that comes across the American border each day. The materials to make these drugs, known as precursor chemicals, are often shipped piecemeal, making them harder to detect in border crossings. It is critical now more than ever that our country invests in curbing the flow of drugs into our communities, to prevent fentanyl and fentanyl analogs have upon our citizens.

Your legislation would address this issue by investing over \$5 billion in funding to the U.S. Customs and Border Protection (CBP) to support border operations and drug interdiction efforts. These funds would be used to recruit and retain additional CBP Officers, develop non-intrusive inspection technology to detect trafficking, create an outbound inspection program to prevent illegal export, and provide further funding to the High Intensity Drug Trafficking Areas (HIDTA) program. This legislation would also require CBP to report to Congress on the use of these funds and create harsher penalties for individuals convicted of destroying border control devices.

On behalf of the more than 377,000 members of the Fraternal Order of Police, we urge the committee to favorably report this legislation. If I can be of any help or provide additional information in support of this legislation, please do not hesitate to contact me or Executive Director Jim Pasco in our Washington, D.C. office.

Sincerely,

Patrick Yoes  
National President
